

DUCATI energia
HISTORY DRIVES THE FUTURE

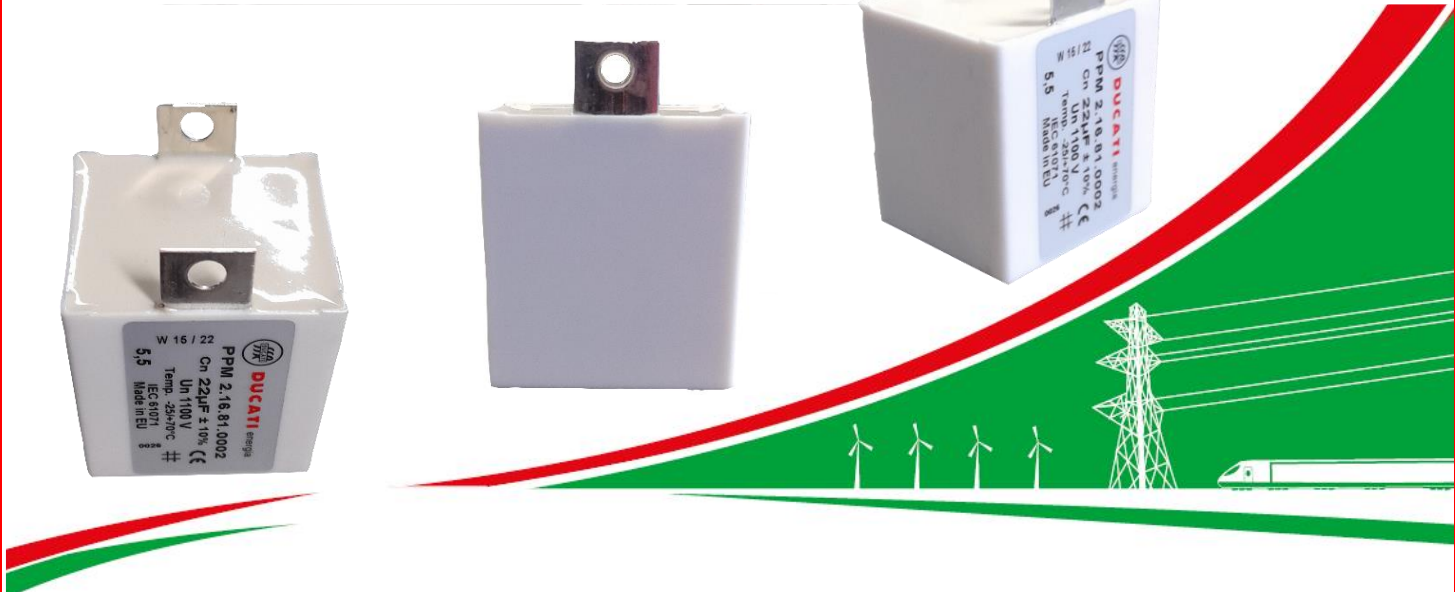

DUCATI energia has always been synonymous of **Quality** through **High Performance** and **Continuous Improvements**. The new **Series 81** combines a **Smart Design** for both **DC** and **AC** application:

**Preliminary DC-Link Capacitors
DC 81**

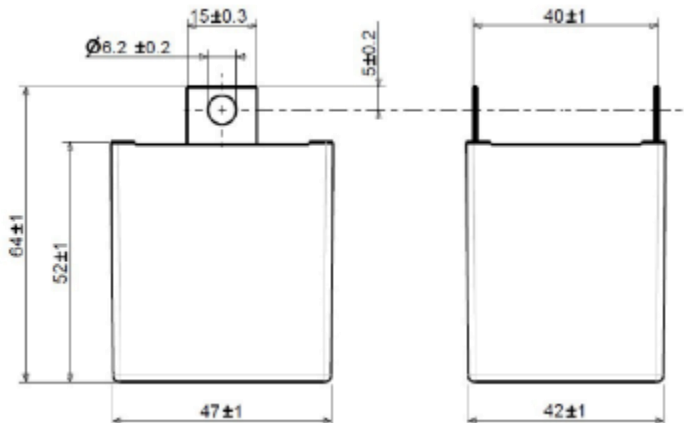

Voltage U_n	Capacitance
700 Vdc	45.0 μ F
900 Vdc	30.0 μ F
1000 Vdc	25.0 μ F
1100 Vdc	22.0 μ F

**Preliminary AC-Filter Capacitors
GP 81**

Voltage U_{rms}	Capacitance
200 Vac	45.0 μ F
250 Vac	30.0 μ F
500 Vac	7.5 μ F

- Wide Voltage & Capacitance range
- High Current withstanding
- Low ESL
- Modular design
- Both DC-Link and AC Versions
- EL > 100.000 h @70°C Hot spot / U_n
- Self extinguishing resin
- IEC 1071/ 1-2

* Other Capacitance and Voltages available under request
